**Old Business:**

a/ Town Treasurer: Marilyn Wilson reported speaking with the Applicant for the Treasurer position and that she had withdrawn her application. Discussion ensued about revisiting the issue of changing the position from elected to appointed since the position required searching a wider pool of candidates with the appropriate background and experience. The following related issues were discussed:

- An experienced Treasurer is needed as soon as possible and a new ad to be published
- The job description needs updating to include added responsibilities of maintaining MA Retirement System including filing and all payroll duties for town employees
- An increase in the stipend offered to reflect the added duties needs to be decided

Discussion ensued regarding how to simplify the payroll system and it was decided to have new hires see Sandy Daviau to start process, then have the Treasurer take the responsibility to set up the employee on the payroll system with Harpers, the current payroll service providers.

**Motion to Advertise Position:** A motion was made by Marilyn Wilson to re-advertise for the position of Treasurer in local newspapers, with the MA Municipal Association and in the MA Tax Collectors and Treasurer Association. The motion, seconded by Noel Abbott, was unanimously accepted. 3/0/0

**Motion to Change Job Description:** A motion was made by Marilyn Wilson to re-structure the job description of the Town Treasurer to include the payroll function with the exception of the outsourced portion of the function of the Harpers Payroll Service. The motion, seconded by Susan Gleason, was unanimously accepted. 3/0/0

b/ Sign Letter Concerning Scott Sawyer's Conflict of Interest: Members reviewed a letter regarding filing a formal complaint of Scott Sawyer's Conflict of Interest.

**Motion to Sign Letter of Complaint:** Following review, Marilyn Wilson made a motion to sign and file a Formal Complaint with the Division of Professional Licensure for Scott Sawyer's Conflict of Interest. The motion, seconded by Noel Abbott, was unanimously accepted. 3/0/0

c/ Volume Licensing Agreement and Licensing Keys: Marilyn reported the new Information Technology (IT) Consultant Brian Sullivan was still unable to access a server and pass through a firewall with the password provided and had exhausted time allotted under the monthly service contract. Certificates of license were provided by the former IT provider, Moody Consulting, but have not been validated. Since the new IT Consultant required 100% access to the Town's system, Noel Abbott proposed the Select Board authorize the spending of additional money to pay for Mr. Sullivan to continue to work on the matter and put on the agenda to discuss action to be taken if problem persists. It was noted that a new server is required, the backup system needs updating and more comprehensive anti-virus software be added to system.

**Motion to Authorize Funding:** A motion was made by Marilyn Wilson to authorize spending additional funds to have Brian Sullivan of Northeast IT Systems work extra hours to resolve the problems relating to accessing the Town's computer servers. The motion, seconded by Susan Gleason, was unanimously accepted. 3/0/0

c/ Cross Training on Automatic Robo Calling: Following discussion it was agreed that the Police Chief and the Fire Chief be able to login to the website for the town wide automatic calling service in the event of emergency it was prudent to have them know how to do so. It was agreed Ellen Miller would train them and provide the login user name and password.
